
ENVIRONMENTAL POLICY

Action 21's vision is 'a happy healthy community living within its environmental limits'. We work with people in Warwickshire to create a better, more sustainable future. We aspire to be a leading example of an efficient, professional green organisation, exhibiting environmentally sensitive behaviour in all of our working practices. This environmental policy sets out our commitment to reducing our impact on the environment through a programme of continuous improvement.

Action 21 will:

- **Aim** to comply fully with environmental legislation;
- **Continually assess** the environmental impact of our activities;
- **Provide** practical guidelines for staff, volunteers, directors and members to help them reduce their environmental impact;
- **Report** publicly on our environmental performance;
- **Measure** our performance against specified targets;
- **Continue** to develop and improve our environmental performance;
- **Quantify** and monitor environmental impacts of the business, including new projects, and set specific targets;
- **Minimise** waste produced by all parts of the organisation;
- **Require** all staff, volunteers and directors to address environmental responsibilities within the framework of normal operating procedures;
- **Create** a strong culture of environmental sustainability within the organisation.
- **Act** as a leader in the community, fostering a culture of sustainability and environmental responsibility.
